

# FULL MOON HASH GAZETTE

September 1994

Vol.2 Issue 13

Our 2nd Anniversary run since the birth of Full Moon Hash in September 1992.

This run by 1993's Committee is a pub crawl to three pubs within the vicinity of the venue including two piss stops run by our GM and our "going away" On Sec.

After the run, we shall then adjourn to Much More at Damansara Utama for a "quickie" if the piss stops are not sufficient.

As mentioned in prominent travel books:

*"Curitiba: a good place to spend the night when your bus breaks down."*

*"You will feel satisfied with your trip to Curitiba after you visit the toilets in the central station."*

*"The lack of theater and other cultural activities has turned the population of Curitiba into complete beer-guzzling lushes"*

Yes, we drink alot of beer.

And you can too.

You can even run alot and drink alot of beer.

Isn't that normal???

Our mismanagement committee's half-assed plan:
